ABHISHEK KUSHWAH

Software Developer

abhikushwah45678@gmail.com | +91-7509478803 | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Java backend developer with hands-on internship experience building and enhancing REST APIs and full-stack modules using Java, Spring Boot, React.js, and MySQL. Contributed to two production applications (Medic Note, Trace360), collaborating in an Agile team on feature development, debugging, and database management. Strong foundation in object-oriented design (J2SE/J2EE), version control (Git/GitHub), and end-to-end software delivery. Seeking a Software Developer role to apply backend engineering skills to scalable, real-world systems.

TECHNICAL SKILLS

- **Languages:** Java (J2SE, J2EE)
- **Frameworks:** Spring, Spring Boot, REST APIs
- **Web Technologies:** HTML, CSS, JavaScript, React.js, Angular
- **Databases:** MySQL, Oracle, SQL
- **Tools & Version Control:** Git, GitHub, Maven
- **IDEs:** Eclipse, IntelliJ IDEA
- **Platforms:** Windows, Linux
- **Practices:** Agile collaboration, unit testing, API integration, debugging

INTERNSHIP EXPERIENCE

Software Development Intern — Infyntrek Systèmes (Remote)

Java / Spring Boot Backend Team | Feb 25, 2026 – May 25, 2026

- Designed REST APIs and Spring Boot services for Medic Note, a healthcare record-keeping app, integrating MySQL to deliver patient-data modules.
- Engineered and debugged backend logic for Trace360, a tracking platform, resolving React.js integration issues and cutting QA defects.
- Delivered full-stack features end-to-end, combining Spring Boot, React.js, and MySQL to ship functional releases.
- Improved code quality and reliability through systematic testing, debugging, and peer reviews, lowering reported bugs.
- Managed Git/GitHub version control and branching strategy, enabling conflict-free merges across a multi-developer team.
- Followed Agile and SDLC practices while handling database queries, schema updates, and record management in MySQL.

ACADEMIC PROJECT

Automated Library Management System (LMS) — Developer | Team of 5 | Aug 2025 – Feb 2026

- Digitized library operations by building a full-stack LMS, eliminating manual book-tracking paperwork.
- Reduced data redundancy and tracking errors with a relational database layer for book and borrower records.
- Enabled real-time inventory visibility for admins and borrowers through CRUD modules for issue, return, and search.

EDUCATION

- B.Tech, Computer Science Engineering — Shri Ram College of Engineering and Management, Gwalior (M.P.) | 70% | 2026
- Higher Secondary (Class XII) — Govt. Higher Secondary School, Purani Chawani, Gwalior (M.P.) | 60% | 2022
- High School (Class X) — Govt. Higher Secondary School, Purani Chawani, Gwalior (M.P.) | 78% | 2020

CERTIFICATIONS & LEARNING

- Java Programming — Self-paced, Udemy / online platforms
- Spring Boot Basics — Coursework & internship training
- Git & GitHub — Version control workflow training

INTERESTS

- Playing Cricket
- Listening to Music
